

MINUTES
FOUNTAIN COUNTY DRAINAGE BOARD
NOVEMBER 20, 2023
10:28 A.M.

The following Fountain County Drainage Board members were present at the meeting: Brenda Hardy and Tim Shumaker.

Also in attendance: Kent Minnette, Roger Azar, Colleen Chambers and Kim Johnson.

KINGMAN DRAIN

Roger Azar walked the entire drain. It is in pretty decent shape until you get to the Town of Kingman. A pond has been built. It has been built by the property owner. The pond does not abide by any engineering rules. There is much work to do in town with less to do out of town. The drain needs to be reconstructed.

As far as the permit goes, Roger said the town can re-petition the county. The Town of Kingman was do all of the legwork or the drainage board can move to reconstruct the drain and the county is liable for the legwork. Kingman does not have the manpower or the knowledge to do the legwork required.

The next step would be to give notice to all property owners benefiting from the water shed and to schedule a hearing.

A motion was made by Tim Shumaker and seconded by Brenda Hardy to close the meeting. Vote: 2 -0

**The Next Drainage Board Meeting Will Be
Monday, December 4, 2023
Immediately Following the
Commissioner's Meeting**
