Commissioners – Tim Shumaker

Tim Shumaker wanted to clear up the comments made on social media. Admin has blocked him from responding to the comments. They have not done anything wrong. You can be paid to sit on some boards. He would like to see the hate and bitterness stop. He also stated that Roger Azar has done a lot for the County. He is not an elected official and is a contractor for the county. Kent Minnette, County attorney, addressed the statute about holding two or more lucrative offices. There are statutes that set out the board makeup for the Advisory Plan Commission and the Solid Waste Management District Board. He also gave examples. Brad Crain explained the Solid Waste Board makeup and he said that the Drainage Board was paid in years past. They are currently not getting paid.

Tim asked that they go to the in.gov site and look under the Richard Lugar Q & A section and read it. It is informative. He also stated that he is willing to have a decent conversation with anyone.

PUBLIC COMMENT

Clint Kilby

He read Article 6 Section 4. He said Roger is the County Surveyor and cannot hold 2 lucrative offices. Kent said that he is a contractor. Clint said he is not a resident of Fountain County and should not be serving as the zoning administrator. Clint asked if Roger was writing ordinances and he replied that he was not.

Brenda Hardy said that Randolph County and another county share the same county engineer. He is contracted by 2 counties. You can't live in 2 counties.

Dane Maltsberger

He asked if they have heard from our Indianapolis attorney in regards to HB 1348.

Kent said he felt like they were talking about 2 different things. HB 1348 does not affect how the assessor codes the land.

Carol Owens

She asked about Roger Azar's past employers. Roger stated that he did work in Denver and Colorado. He also worked to help clean up military bases for our soldiers. He has had military clearance and is very trust worthy. He went to Dubai and worked for a time. He then moved back to Crawfordsville as that is where his wife and two children were. He chose Crawfordsville to raise his children and bought 50% of Deckard Surveying

623

He asked who writes the County Ordinances. He said he also learned at the APC meeting the difference between an Area Plan Commission and an Advisory Plan Commission. He wants to know why we use other county ordinances. He doesn't understand our county and feels they are steam rolling them. He said to get rid of zoning.
